- Sign-in Sheet Attached

Introduction/Reception

The meeting began with a reception from 5:30 PM to approximately 6:10 PM. Members from the project team were available to explain the meeting boards which showed the existing weekday levels of service, three-year crash history, and the existing access conditions along the study corridor.

Project Overview

Judy Pizzo welcomed all attendees at approximately 6:10 PM and introduced KAI project manager Chris Walsh.

Chris Walsh presented the attached PowerPoint presentation. Chris also indicated that public feedback was encouraged, directed the audience to the appropriate forms by which to submit their feedback, and provided the contact information for himself and Judy in the event that members of the audience desired to submit their feedback via email. Chris also indicated that meeting materials will be provided on a FDOT website in the future. A link to the website will be posted at <http://www.cityofnsb.com>.

One question was raised regarding the alignment of Williamson Boulevard to which Chris indicated that the study will include a limited assessment of Williamson Boulevard.

Open Discussion Forum/Conclusion

Following Chris' presentation, he informed the audience that the project team would remain available to discuss any questions or concerns that may have been realized during the presentation.

The meeting adjourned at 7:30 PM.

These meeting minutes reflect Adam Burghdoff's understanding of the discussions and events that took place during this meeting. Comments or corrections to the information reported above should be directed to him at 407-373-1116 or aburghdoff@kittelso.com.
